

MEGAFLEX Dragline Hoses

The leader of the pack is back

Marley proudly manufactures **MEGAFLEX** Dragline irrigation hoses, recognising demands in the irrigation and agriculture market for a hose that is truly guaranteed for performance and reliability. Dragline Hoses present a cost-effective, high pressure PVC hose specially designed to provide reliability without compromising on the quality standards expected from a robust hose.

MEGAFLEX Dragline irrigation hoses have a PVC inner liner and outer cover, reinforced with polyester yarn. The registered stripe, exclusive to **MEGAFLEX**, has been designed in a manner which does not allow the printing to weaken the hose construction.

MEGAFLEX Dragline Hoses are available in standard coil lengths of 36m and 100m and are completely compatible with all existing hose fittings on the market.

MEGAFLEX Features and Benefits:

- Excellent Abrasion and Cut Resistance – Longer service life
- Fluted Outer Surface – Reduced drag resistance
- Good Flexibility – Easy handling
- Service Temperatures (10° - 60°) – Variety of application conditions
- Longitudinally Reinforced – Minimal stretching
- UV Stabilised – No degradation
- Clearly Marked – Traceability of quality
- SANS 271 Approved – Only I779 Heavy Duty Dragline Hose

MEGAFLEX Dragline Hoses Product Matrix

Product Code	Category	Hose Diameter - 20mm	Coil length - 30m	Coil length - 36m	Coil length - 100m
I772020036	Medium Duty	X		X	
I772020100	Medium Duty	X			X
I779020030	Heavy Duty (SANS 271)	X	X		
I779020100	Heavy Duty (SANS 271)	X			X

MEGAFLEX I772 Standard Duty

Nominal Dimensions		
Internal Diameter (mm)	12	20
Pressure (kPa)		
Working	875	800
Burst	3 500	3 200
Mass per metre (g) (nominal)	155	302

MEGAFLEX I775 Medium Duty

Nominal Dimensions		
Internal Diameter (mm)	14	20
Pressure (kPa)		
Working	1 000	1 000
Burst	4 000	4 000
Mass per metre (g) (nominal)	280	358

MEGAFLEX I779 SANS 271 Heavy Duty

Nominal Dimensions	
Internal Diameter (mm)	20
Pressure (kPa)	
Working	1 000
Burst	4 000
Mass per metre (g) (nominal)	396
